

Introduction to Advanced Fire/Arson Scene Investigations 8-Hours

— This course is eligible for TCOLE credit hours. —

2024 Courses:
March 8th, 2024
September 27th, 2024

*****Upon request, additional course dates can be held. Contact Texas Fire Academy Admissions Coordinator for further information.*****

"This 8-hour tested training class will look at the fire scene as a "crime scene" and will expose the students to current crime scene practices, along with current standards and guidelines as outlined by NFPA 1033/921. Methods of instruction will include lecture, case studies, and mock fire scenes utilizing burn pods where students will gain hands-on training."
